## ACCOUNTANTS

### Buying a Business?

The process of checking out if this is the right business to buy is called "Due Diligence"

When you are looking to buy a business there are a lot of things to check out before you commit.

- Will the business pay me a market salary?
- Will it give me the return of investment that I am looking for?
- Can I trust the figures for past and future trading that I have been given?
- How long will it take me to repay the Bank loan?
- How much money will I have in the bank over the next 3 years?
- What if my sales are more than I think they will be?
- What if my sales are less than what I think they will be?
- Will this business be a success?

At Inspired we are dedicated to helping you through this process.

We work closely with you, your Bank and other advisors to give you the information you need to make the right decision.

**The first step is to have a no obligation chat and then we will provide you with an in depth proposal for your review.**

### Why choose Inspired?

We have been working in the area of Due Diligence for the past 20 years and have developed a process that is detailed, unique and designed to get the right result.

We work with large and small clients and everything in between! We know what you need to get set up, how to run a successful company and how to exit the business when the time comes.

We are a small team who work in a virtual environment. We can meet at a place near you, over the phone and online.

Come and experience the difference!

### Inspired Accountants... Inspiring you?

### Our Due Diligence Process:

We look at:

Past Financial & Trading information
